### **Request for Sponsorship for a Medical Utility Vehicle and Financial Support**

Dear Sirs,

We hope this letter finds you well. Ukrainian children's hospital "Okhmatdyt" is reaching out to seek your esteemed foundation's support in our ongoing efforts to enhance healthcare services for our community. As an organization that prides itself on delivering critical medical aid, we require a reliable vehicle that can withstand the rigorous demands of our operational needs. Unfortunately, the service transport of our hospital was destroyed by a Russian missile strike.

In connection with the needs of our organization, we kindly ask Athletes for Freedom Foundation for the provision of a 2021 Toyota RAV4 with the following specifications: 2.5L hybrid engine, 120,000 miles, velour interior, and silver color. The vehicle should be in excellent condition, not damaged, and must have undergone full service prior to delivery, acquired at an internal auction. This will significantly improve the quality and efficiency of the medical services we provide.

In addition to the vehicle, we are also seeking financial support in the amount of \$25,000 USD. This funding will be utilized to purchase essential medications and equipment, enabling us to enhance our operational capabilities and expand our services to reach more individuals in need within our community. Thank you for considering our request. We hope to join forces with the Athletes for Freedom Foundation to continue making a positive impact.

**Warm regards,  
Director-General**

**Dr. Volodymyr Zhovnir**
